ATTICA FURNISHINGS LTD. ANNOUNCES NEW CHILDREN'S FURNITURE STORE TO BE LOCATED IN BAYERS LAKE

Atlantic Canada's first contemporary furniture store now plans to open Halifax's first specialty furniture store for infants to teens

Halifax, September 16, 2003 – Attica Furnishings Limited today announced that late October 2003 it will be opening Attica Kids, a new children's furniture and accessories store for infants up to teens. The new store will be located at 201 Chain Lake Drive, Unit 35, next door to Home Outfitters.

"We're really excited about this new venture," said Suzanne Saul, co-owner of Attica. "Attica Kids will be a resource for parents and grandparents to create special rooms for their children – rooms that kids will love to be in and that encourage dreaming."

Attica Kids will feature bedroom furniture from Canada's leading manufacturers in the juvenile furniture industry. Many of the cribs offered will be convertible, functioning first as a crib, and then, as the child grows, converting to a daybed and then a full-size bed.

"Attica Kids will blend traditional and contemporary designs," added Saul. "We have created a room-to-go concept that will be one-stop shopping for decorating a child's room." Attica Kids will showcase many specialty home decor items never before available in Atlantic Canada.

The new store will offer not only children's furniture, but all the accessories as well, such as bedding, lamps, carpets, bathroom items, drapery accessories and home decor accents. Customers will also find neat gift ideas for infants, children, tweens and teens, such as plush and wooden toys, body products and fun watches.

Attica Kids marks the third specialty shop owned by Suzanne Saul and Christopher Joyce, both fine art graduates from the Nova Scotia College of Art and Design.

Attica Furnishings Ltd, an innovative downtown shop in Halifax, Nova Scotia and St. John's, Newfoundland, features modern furniture and accessories by local and international artists and designers. From upholstered and leather sofas, to solid maple dining sets and creative lighting, Attica offers clients a unique selection of manufactured and handmade items. In business since 1995, Attica is Atlantic Canada's first contemporary home furnishings store.
