Shop Halifax

A multiple award-winner in The Coast's Best of Halifax survey, Attica's aesthetic is modern but classic, with plenty of clean lines and cool colours. Now with four floors at their Barrington Street location, don't stop at the living room: Attica Kids is upstairs with plenty of fun furniture for wee ones too.

Green Halifax

Started in 1995 by NSCAD grads Christopher Joyce and Suzanne Saul, Attica was a way for the two creative designers to offer quality furniture to a market hungry for it. Joyce still designs for the Barrington Street store, when he has time, and Attica also offers eco-conscious designed sofas and beds from the Montreal-based G Romano, made using "ecofoam" with water-based stains and glue.
